DETAILED ACTION

Claim Objections

Claims 4-8 and 12 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim cannot depend from another multiple dependent claim. See MPEP § 608.01(n). Accordingly, the claims have not been further treated on the merits.

Claim 4 depends from any one of claims 1-3 with 3 depending from 1 or 2. Claim 12 depends from any one of claims 9-11 with 11 depending from 9 or 10. Correction is required.

Allowable Subject Matter

Claims 1-3 and 9-11 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: In the art of micro electromechanical switching, an arrangement in which actuation of a reconfiguration element changes switching characteristics is not taught or suggested by the prior art of record in the parent application of this divisional Application.

As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).
